January & February Students Of The Month

January & February's students of the month were: **Casey, Kylie, and Daniella.** Also, congratulations to all of those who received certificates for passing their multiplication facts to 12.

Please consider this way of communication. I will be using REMIND.COM to send out reminders of events going on in our class.

To receive messages via text, text **@olson18-19 to 81010.** Or to receive messages via email, send a blank email to **Olson18-19@mail.remind.com.**

Here's what to expect in MARCH: In MATH we will be multiplying fractions, and relating fractions to decimals. For LANGUAGE ARTS we will be working on the theme of "How are living things connected?" and looking at main idea and details. We will be studying explorers of California in SOCIAL STUDIES. Our WRITING project this time will be a biography and will be due by March 29th. Our BOOK REPORT will also be a biography theme to go along with our writing project. They will be a combined project this time. Read the book and take notes at home, and do the writing in class.

Come and visit our web site where you can find some new stories that were written by the students as well as keep up on what is happening in our class. There is also a page with worksheets that you can print at home. There are spelling lists, writing pages and math pages for things we will be studying in the coming months. The address is:

There are some dumb criminals

A motorist was unknowingly caught in an automated speed trap that measured his speed using radar and photographed his car. He later received in the mail a ticket for \$40 and a photo of his car. Instead of payment, he sent the police department a photograph of \$40. Several days later, he received a letter from the police that contained another picture... of handcuffs. The motorist promptly sent the money for the fine.
