CAMPING WITH SHERLOCK

Sherlock Holmes and Dr Watson went on a camping trip. As they lay down for the night,

Holmes said: "Watson, look up at the sky and tell me what you see."

Watson said: "I see millions and millions of stars."

Holmes: "And what does that tell you?"

Watson: "Astronomically, it tells me that there are millions of galaxies and potentially billions of planets. Theologically, it tells me that God is great and that we are small. Meteorologically, it tells me that we will have a beautiful day tomorrow. What does it tell you?"

Holmes: "Watson, you bonehead. Somebody stole our tent."

October

-12th -PTSA Movie Night

-22nd - Minimum day (dismiss at 12:37)

-23rd -Picture Day

WHAT'S HAPPENING

Well that month of September just flew by so fast! This month we will be moving on to double digit multiplication and some new strategies that will help us. In language arts we are working with the essential question: "Putting ideas to work" and "How can starting a business help others?" We will be reading some good stories on how kids have come up with some great ideas on how a business can help others. We will be starting our new social studies text book this month. So excited to get started with "Where is California Located?" after spending time with our science units of earth science and life science.

Come and visit our web site where you can find some new stories that were written by the students as well as keep up on what is happening in our class. There is also a page with worksheets that you can print at home. There are spelling lists, writing pages and math pages for things we will be studying in the coming months. The address is:

www.MrOlsonsClass.com/4thgrade

It is updated each month with new pictures and stories from the kids.

Please save "Boxtops For Education" coupons. Our class is collecting them to help out our school this year. We get money for each one brought in. Please help us out. I included a website address where you can find out more information on the products that have them. Check out the web site for more information:
